A VERY INTERESTING PROGRAM was organized by our chairman, Lion Frank Bulleri. The guest-speakers from San Mateo Sheriff's Office Crime Prevention: Arlene Van Dervort & Mike Luddy gave us very interesting talk and demonstration on self-defense and crime-prevention. A few DON'Ts and DO recommended by our guest-speakers:

- When on the Highway and having a trouble - don't wait outside the car. Stay inside - with the windows up until police arrival.
- When shopping remove the house keys from your purse. If the purse is stolen you prevent burglary of your home. ****PARTICIPATION OF CITIZENS IS NECESSARY TO PREVENT THE CRIME****
- Adequately secure your home.
- Make and maintain a list of the serial numbers of your valuables.
- Mark your valuables with your California Driver's License number. (electric engraver).
- When you see suspicious circumstances, call the police and report them.

This very interesting program can be arranged for any Clubs by calling Harold N. Barkor-Chief Deputy 364-1811 and asking for the two speakers.

Our speakers were presented with Certificate of Appreciation & replicas of our banner.

SMILE. "Yes, ma'am," the sailor said to the elderly lady. "During the war my ship was torpedoed and I lived for a week on only a tin of sardines."

"My goodness," she responded, "how did you keep from falling off?"

Anatomy is something everyone has, but it looks better on a girl!
