THE BONE STORY

Someone said that membership of an organization is made up of four bones. They are:

WISHBONES - who spend their time wishing someone else would do the work;

JAWBONES - who do all the talking but very little of anything else;

KNUCKLEBONES - who knock everything that everybody else tries to do;

BACKBONES - who get behind the load and do the work.

(Thanks to PP Chuck Bottarini).

"Don't you know how to count the people at a Hollywood party?" asked the boss.

"You just count the faces and divide by two."
