TWENTY FIFTH ANNIVERSARY booklet is being prepared. If you have anything to contribute to the booklet (and I am sure you do), please contact yours truly (evenings). I would like to have completed and published for the Charter Night, July 10th. Your help is needed mainly for the period 1950-1952. I am grateful to the few Past Presidents who responded and helped with material and also Joe Farrah for his help. After this week I would have to concentrate on the available material - therefore this is my last appeal.

ROSSINI, the Italian composer, discovered that some wealthy admirors in France were planning to erect a statue in his honor. "How much will it cost?" he asked. "About ten million francs," was the answer. "Ten million francs!" gasped Rossini. "For five million I will stand on the pedestal myself."
