

Before the meeting started, Lion Carl Muehlendorf, came into the L&L with our club's podium, bell and gavel, which he retrieved from the SKYLIONS Club. I understand Lions San Filippo and Krahl also talked to members of the SKYLIONS during the week about our missing goods. Lion Carl returned to the SKYLIONS meeting as their guest, where he intended again to give them hell. Nice going Carl.

The meeting was called to order by Lion President Joe Farrah. Lion Bob Woodall left the meeting room unexpectedly to pick up his attache case from the cocktail lounge. The case contained a six months supply of pre-addressed club bulletin forms. Thanks to Lion Bob, a great deal of time is saved in publishing the bulletin. However, certain members (from that other table), insisted on fining Lion Bob for leaving the room without notifying the President, and also fining yours truly for speaking up for the good job he did.

This was the beginning of a lively meeting. Introductions delayed the meeting somewhat, particularly when it got to Lion Bill Tonelli's introduction which lasted about 180 seconds. Acting Tail Twister Mike Castagnetto was on his toes again picking up many fines. However, he misplaced the Kitty and it cost him two bucks to find it.

FIRST GENEVA EXCELSIOR LIONS CLUB INVITATIONAL GOLF TOURNAMENT, is scheduled on Nov. 4-5, for Lions and guests. The place, Silverado Country Club, Napa. The package includes Saturday night lodging in a one bedroom suite (double occupancy), golf cart Sat. & Sun. morning, cocktail party, dinner and trophies Saturday night. Tennis and swimming facilities available. Sign up early with Lion Handford Clews. Cost is \$100 for golfer, \$50 for non-golfer.

PROGRAM:

Acting Program Chairman Gil Smail, introduced Mr. Robert Tucker, a representative of P.G.&E., who showed slides and talked about electrical accidents at home. Many accidents occur due to faulty wiring and extension cords. After each slide, Mr. Tucker asked Lion Clews opinion. Both gentlemen seemed to agree Arc Electric would correct many of the electrical hazards in our home. Mr. Tucker was an excellent speaker, probably because he is a graduate of Galileo High School. We may be seeing him at the golf tournament. **GUESTS:** Gerome Ennis, DDS, guest of Lion Clews. Larry Ginesi, of Ginesi Bros. Hardware, a guest of Lion President Farrah.

RAFFLE: \$4, Guest Larry Ginesi. (Lion Joe asked and got \$3 for the Birthday Calendar.)
 \$2 Lion Joe Giuffre, (conv. fund)
 \$1 Lion Al Gentile, (" ")
 Mystery, \$2 Lion Bill Tonelli, " "

The following is a letter written 7/21/78, by Glen Paul Perez, a recipient of our clubs Scholarship Award: Dear Mr. Dobbins, I would like to thank you for your assistance in completing my first year of college. I have completed 52 units of college study and expect to begin my "engineering" classes in the fall quarter. Presently I'm working for the summer at P.G.&E., and hope to relax before school starts.

The school year brought me many different, exciting and difficult experiences. I'm glad I had the opportunity to experience all these situations, and I'm looking forward to what the next year brings. Again, thank you and the Lions Club for your concern. I hope you have a nice summer. G.P.P.
