Autajay came to the U.S. in 1952 from the Phillipines. He told the meeting about what they are trying to accomplish at the Center. For example, learning to distinguish red, yellow and green colors so the clients can cross a street safely. State and Federal aid to the Cen ter was drastically reduced. He is very appreciative of the G-E Lions increasing their monthly support for this project to one hundred dollars. Rev. Autajay invited any of the members to stop in at the Center.
